M.A. COUNSELING PROGRAMS

Marymount's fully on-campus or online M.A. program offers two tracks: Clinical Mental Health Counseling (CMHC), and CMHC with a concentration in Pastoral Clinical Mental Health Counseling. They are designed to prepare students with the competencies and skills to work with individuals, groups, and families across the lifespan who are experiencing developmental, situational, and existential mental health issues. Both programs are accredited by CACREP and prepare graduates to become Licensed Professional Counselors.

Ph.D. COUNSELOR EDUCATION AND SUPERVISION

Marymount's fully online Ph.D. program in Counselor Education and Supervision follows the CACREP curriculum and will have its third entry class in the Fall 2026 semester. The program is currently seeking CACREP accreditation.
