CSU ID \_\_\_\_\_

Student Email \_\_\_\_\_

Term/Year **SPRING 2023**

Faculty Advisor **Dr. Linda Quinn**

Credit Hours # **1**

*In each category below, be as precise as possible while recognizing the tentative nature of some decisions.*

### PREREQUISITE:

**Topic of Study: Statistical Consulting:** You will be assigned to provide at 25-30 hours for the semester to work with clients (graduate students and/or faculty) from the University or external to the University. You will work under the direction and in consultation with Dr. Quinn. Because consulting can be irregular in terms of its time commitments, Dr. Quinn will be cautious to balance your time commitments per week with your other coursework.

Current clients include (1) completion of reports for the Campus Climate Survey, (2) design of a Qualtrics survey. Software will be your choice with approval of Dr. Quinn.

**Readings to be covered:** Articles as needed to assist clients; articles on consulting as determined by Dr. Quinn

**Papers to be written:** Will need to keep a log of hours; will provide short write-ups of each client project and process; will do a reflective writing piece towards the end.

**Will there be an examination?** No

**Approximate number of conferences planned:** Weekly zoom meetings on Wednesdays at 9am, starting January 18 for updates on assignments/projects, or more as needed.

**Basis for assignment of final grade:** A client satisfaction survey may be conducted. Additionally, Dr. Quinn will assess the quality of your work, your professionalism, and your logs, write-ups and reflective piece. There will be a grade check after each three weeks of the semester.

*I have discussed my proposal with the faculty member named above. I agree to all requirements and deadlines for this Independent Study.*
